

CUT'N'PASTE^{T.M.}

BAMBOO BUSTER

EASY TO USE

 Important: Read front and back labels before use.

Safe weedkiller gel. No spray.

Targeted, effective and convenient weed control.

Hard on your weeds - Kind to our environment.

NZ owned and made. Contents 450ml

Developed for you by a Park Ranger who served as a Biosecurity Officer on Waiheke Is.

Andy knows all about weeds. He worked in conservation since 1988 & cares about our Environment.

He developed Cut'n'Paste to minimise the adverse affects of weed control on spray conscious Waiheke.

As used by DoC & Councils NZ wide.

"We do not inherit the earth from our ancestors. We borrow it from our children." NA Indian

Andy Spence Bsc Hons

DESIGNED FOR BAMBOO SPECIES - ALSO GREAT FOR PRIVETS AND OTHER COPPICING SHRUBS AND TREES e.g. RHAMNUS & GORSE

Directions: BAMBOO - Cut 2cm above a node near ground level (see front label). Paste cut surface & into middle of stem.

PRIVETS etc. - Cut very close to the soil, scrape bark off below the cuts, cut off both ends of any exposed roots and any leafy shoots. Liberally paste all exposed wood. For complete information on use and application methods visit www.cutnpaste.co.nz. Cut'n'Paste only affects treated plants and is safe to use next to desirable ones.

HANDLING PRECAUTIONS AND EQUIPMENT CARE

As a precaution wear impermeable gloves. Do not use if rain is expected with 4 hrs as gel could wash onto desirable plants and effectiveness may be reduced. Re-treat any new shoots that arise. Rinse the brush top after use removing dirt & excess gel. Refill from bulk supply or recycle the container after triple rinsing.

Do not apply on or around food crops or animal feed crops or areas to be grazed by animals

STORAGE: In tightly closed original container in a cool dark place, away from children, pets, foodstuffs, seeds, fertilisers and pesticides. Kept as recommended the gel will show no appreciable deterioration for at least two years from the Date of Manufacture (DOM).
