

THE ORIGINAL SAFE WEEDKILLER GEL  
**CUT'N'PASTE™**  
ROLL-ON WEED GEL

#### DIRECTIONS

Apply a thin layer of gel to the underside of a few leaves of the target weed species. For full details go to [www.cutnpaste.co.nz](http://www.cutnpaste.co.nz)

#### HANDLING, PRECAUTIONS AND EQUIPMENT CARE

Cut'nPaste only affects treated plants so is safe next to desirable ones. Do not use if rain is expected within four hours. Gel could drip onto desirable plants.

#### FIRST AID MEASURES

Skin Contact: Wash with running water. For advice ring National Poisons Centre 0800 764 766. Eye Contact: Hold eyelids apart and flush with running water. Seek medical advice if irritation occurs.

Do not apply on or around food or animal feed crops or areas to be grazed by animals.

#### STORAGE

Store in a cool dark place, away from children and pets, foodstuffs, seeds, fertilisers and pesticides. Keep as recommended the gel will show no appreciable deterioration for at least two years from the Date of Manufacture (DOM)
