

CUT'N'PASTE™

SAFE WEEDKILLER GEL FOR LAWN WEEDS

THE LAWN RAIDER™

Important: Read front & back labels before use

**TARGETED, EFFECTIVE &
CONVENIENT WEED CONTROL**

**SPOT APPLICATION FOR BROADLEAF WEEDS
AND PROBLEM GRASSES IN YOUR LAWN**

DIRECTIONS:

Apply a small amount of gel to the centre of each weed in the photo on the front label or to some leaves of problem grasses. Browning off will begin within 7 days.

For detailed instructions and videos for specific weeds visit cutnpaste.co.nz or email info@cutnpaste.co.nz

HANDLING, PRECAUTIONS & EQUIPMENT CARE

For 24 hours do not walk over treated areas or water the lawn. Use sparingly until you get to know how much you need. Avoid use if rain is expected within 24 hours as this could spread the herbicide and cause damage to lawn grasses. Because the gel does not spread through the soil it only affects treated plants and can be safely used next to desirable plants. As a precaution wear impermeable gloves.

Do not apply on crops intended for consumption by humans or animals.

Store closed in a cool dark place, away from children, pets, foodstuffs, seeds, fertilisers and pesticides. The gel will show no appreciable deterioration for at least 2 years from Date of Manufacture (DOM).

ACTIVE INGREDIENT

25g/L Glyphosate IPA salt
CAS 38641-94-0
EPA Approval HSR100931

WARNING

Designed for Biocidal Action

FIRST AID MEASURES:

Ingestion: Dilute with several glasses of water. Do NOT induce vomiting.
Eye Contact: Hold eyelids apart and flush with running water. Seek medical advice if irritation occurs.
For advice ring 0800 764 766 National Poisons Centre.

HARD ON YOUR WEEDS KIND TO OUR ENVIRONMENT

Developed by you on spray conscious Waiheke Island to remove the adverse effects of spraying. Used by the DoC and Councils throughout New Zealand.
